

OXLEY SOLAR FARM NEWS AS AT MARCH 2023

Project Update for Oxley Solar Farm: Environmental studies and community engagement
SSD - 10346

Oxley Solar Development has reviewed feedback received from the community, government and other organisations over the past year or more and this has informed the projects planning and progress.

In response to the Department of Planning & Environment feedback in December 2022 Oxley solar has reviewed and refined their reports and information. This revised information was provided to the Department of Planning & Environment in early March 2023.

We will provide updates as to the next steps in the process once the Department of Planning & Environment have responded to our submission of updated information.

As always if anyone would like to discuss any aspect of this project we would welcome an opportunity to meet with you in person, via video conference or telephone. We are also very happy to respond to your questions via email at any time.

We will continue to keep you informed as we progress with the project.

To arrange a meeting or for any further information please call 1300 708 818 or email us anytime at community@oxleysolarfarm.com.au.
